Mediterranean University of Albania was founded 16 years ago by a group of economists led by Academician Prof. Dr. Anastas Angjeli, one of the most known experts in the field of economics. It started its journey with 100 students, and today after more than a decade, it has really made a difference in higher education system, not only through the quality of its teaching, its elite academic staff and study programs, but also through the increasing number of students who have entrusted MUA with their education.

Today, the Mediterranean University of Albania has 3500 students enrolled in **4 Faculties**.
