Harnessing ICT to serve Education

INTERNATIONALISATION ACTIONS

Empowering African Learners Through Internationalisation

Discover how the Tamkine Foundation fosters global knowledge with authenticity.

The Essential Role of Internationalisation

Empowering Africa's youth to engage globally and independently

Empowering African learners

Empowering African learners to shape global knowledge fosters innovation and inclusivity in education.

Act of sovereignty

Ensuring that **internationalisation** becomes an act of **sovereignty**, not dependency, strengthens local capacities and autonomy.

Global interdependence

In an era of **global interdependence**, embracing internationalisation is not optional but essential for growth.

Rejecting academic tourism

For Tamkine, this is about **rejecting** academic tourism and focusing on meaningful participation in the global landscape.

The Vision of Tamkine Foundation

Championing authentic internationalisation for empowerment and equity.

Co-Creation Model

This model emphasizes collaboration in education, ensuring that it is a reciprocal exchange rather than a one-sided import or export. It values local knowledge and partnerships, fostering a sense of ownership among all stakeholders.

Amplifying African Voices

The Tamkine Foundation prioritizes the **empowerment** of African communities, ensuring their perspectives and narratives are at the forefront of internationalisation efforts, rather than being marginalized or silenced.

Rethinking Internationalisation Strategies

Empowering global education through innovative approaches

Access for All

Virtual and hybrid access opportunities enable diverse students to engage in global education, breaking barriers of elitism.

Localized Content

Instead of **copy-pasting** frameworks, we focus on developing **locally rooted** content that meets global standards.

Co-Creation

Shifting from **unidirectional partnerships** to **reciprocal co-creation** fosters mutual growth and innovation in education.

Community Uplift

By promoting **circular mobility**, we contribute to **community uplift**, allowing knowledge exchange and local development.

Key Challenges to Address in Internationalisation

Identifying barriers to equitable global education access and mobility

Equity of access

Internationalisation must not reinforce **social divides**, ensuring equal opportunities for all students.

Recognition and mobility

Cross-border diploma **legitimacy** is a persistent issue, affecting student **mobility** and career opportunities.

Systemic fragmentation

A **continental approach** is vital to address the **fragmented** educational systems across regions.

The talent paradox

We risk losing our **brightest talents** due to the absence of enabling **ecosystems** that support their growth.

A background image showing two hands holding two wooden puzzle pieces, one above the other, symbolizing collaboration and connection.

TamTech Connect platform

A cross-border, digital platform designed for **collaborative learning** that connects diverse minds.

COIL projects

Initiatives that **foster joint problem-solving** without the need for physical displacement between participants.

Open Educational Resources

Efforts to promote **access and adaptation** of educational materials, making knowledge available to all.

Pan-African research networks

Networks that nurture **scholarship** and research, ensuring African voices reach a global audience.

The Tamkine Solution for Global Growth

Empowering ecosystems for
collaborative learning and research
across borders

Empowering African Connections Through TamTech Connect

Enhancing collaboration and learning opportunities across diverse African nations.

Inclusive virtual collaboration platform.

TamTech Connect serves as a hub that unites learners from Morocco, Gabon, Niger, and beyond, fostering a vibrant community of knowledge seekers.

Facilitating institutional partnerships.

The platform enables African institutions to co-host seminars and develop MOOCs, promoting shared resources and collaborative learning.

Optimized for low-bandwidth access.

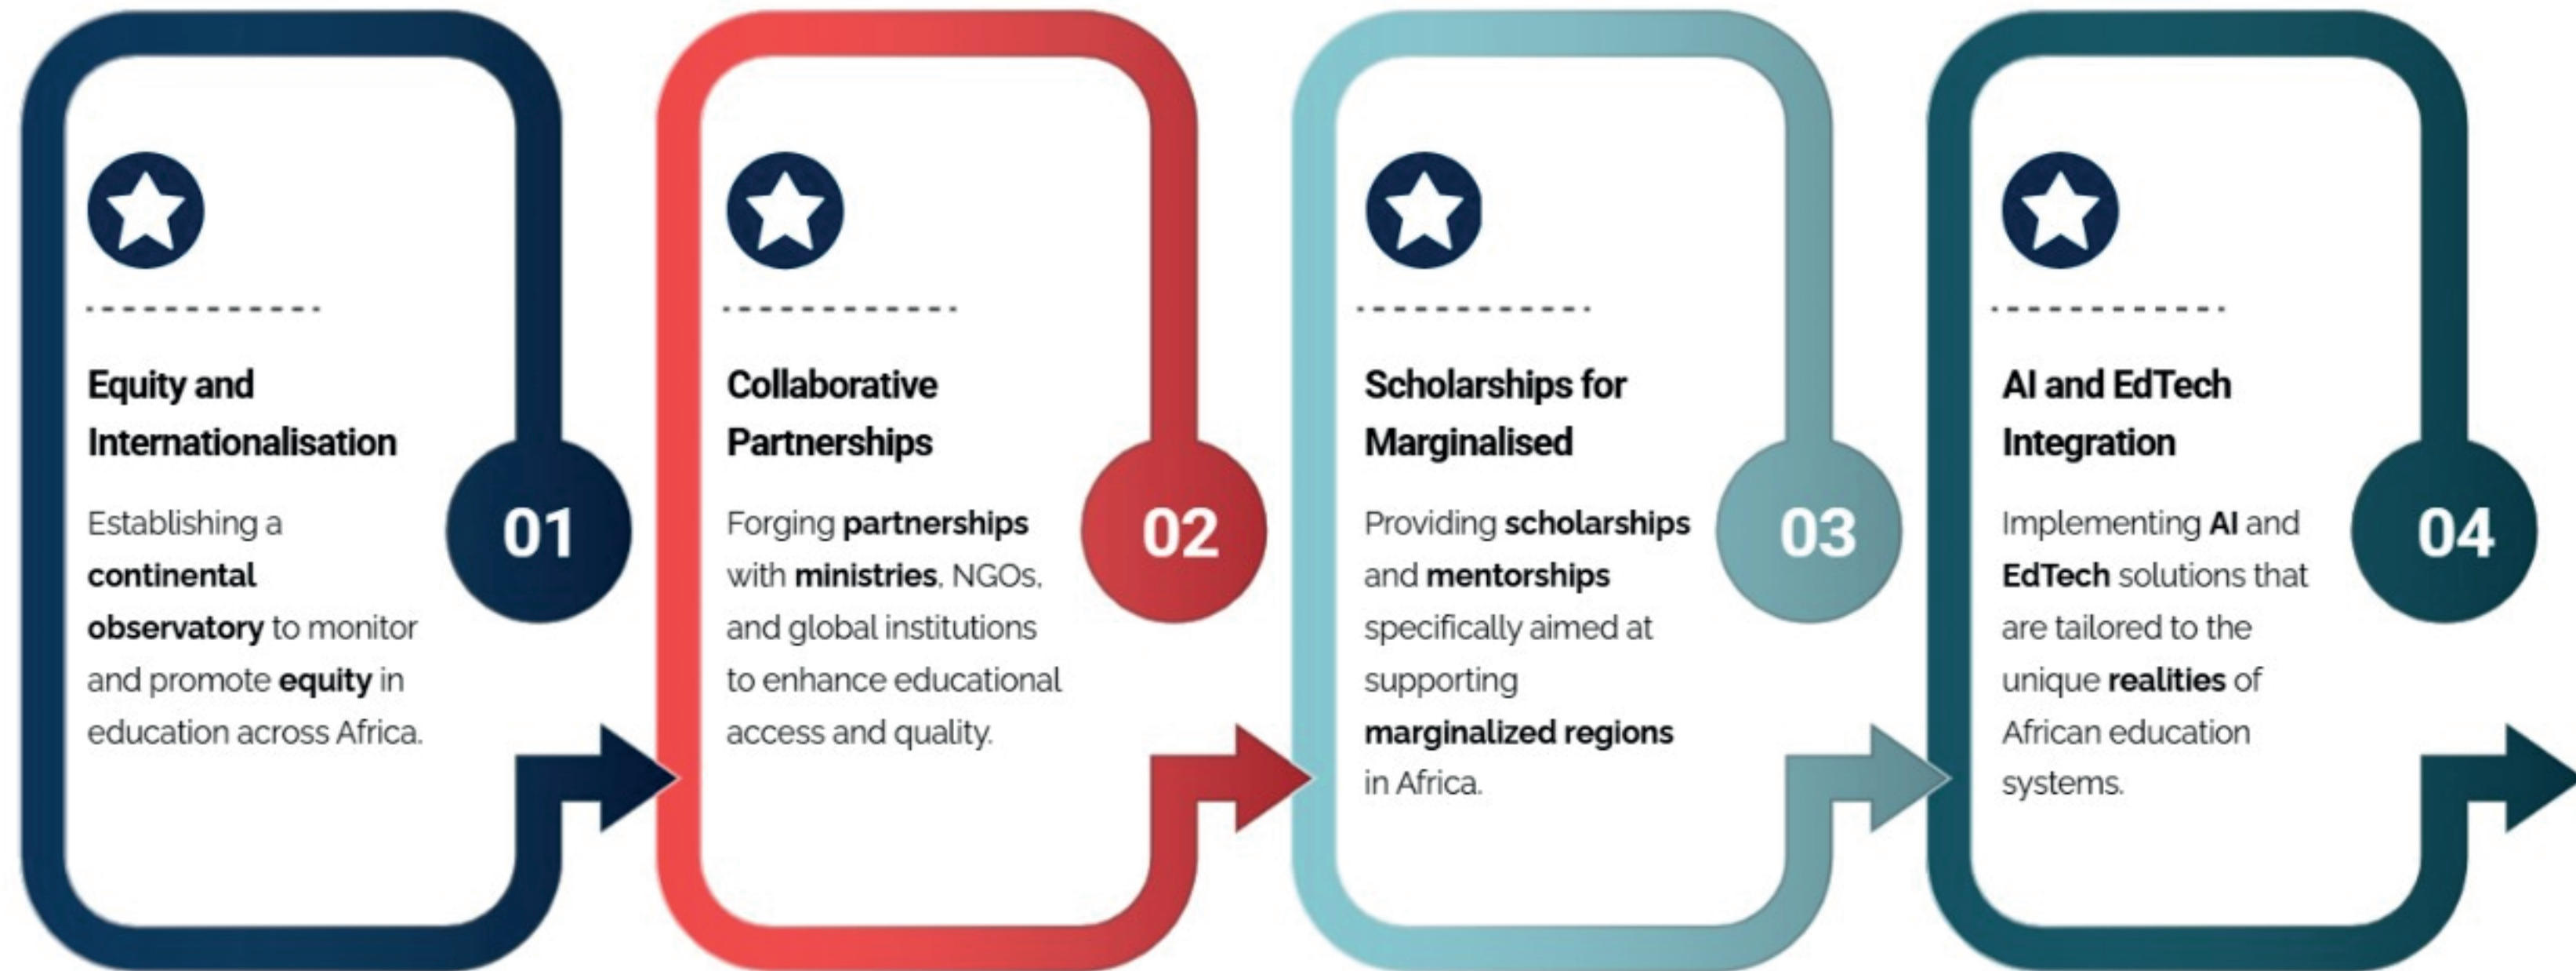

TamTech Connect models **inclusion** by providing low-bandwidth optimization, ensuring accessibility for users in various regions.

Multilingual interfaces for diversity.

The platform supports multilingual interfaces, catering to a diverse population and enhancing communication among users.

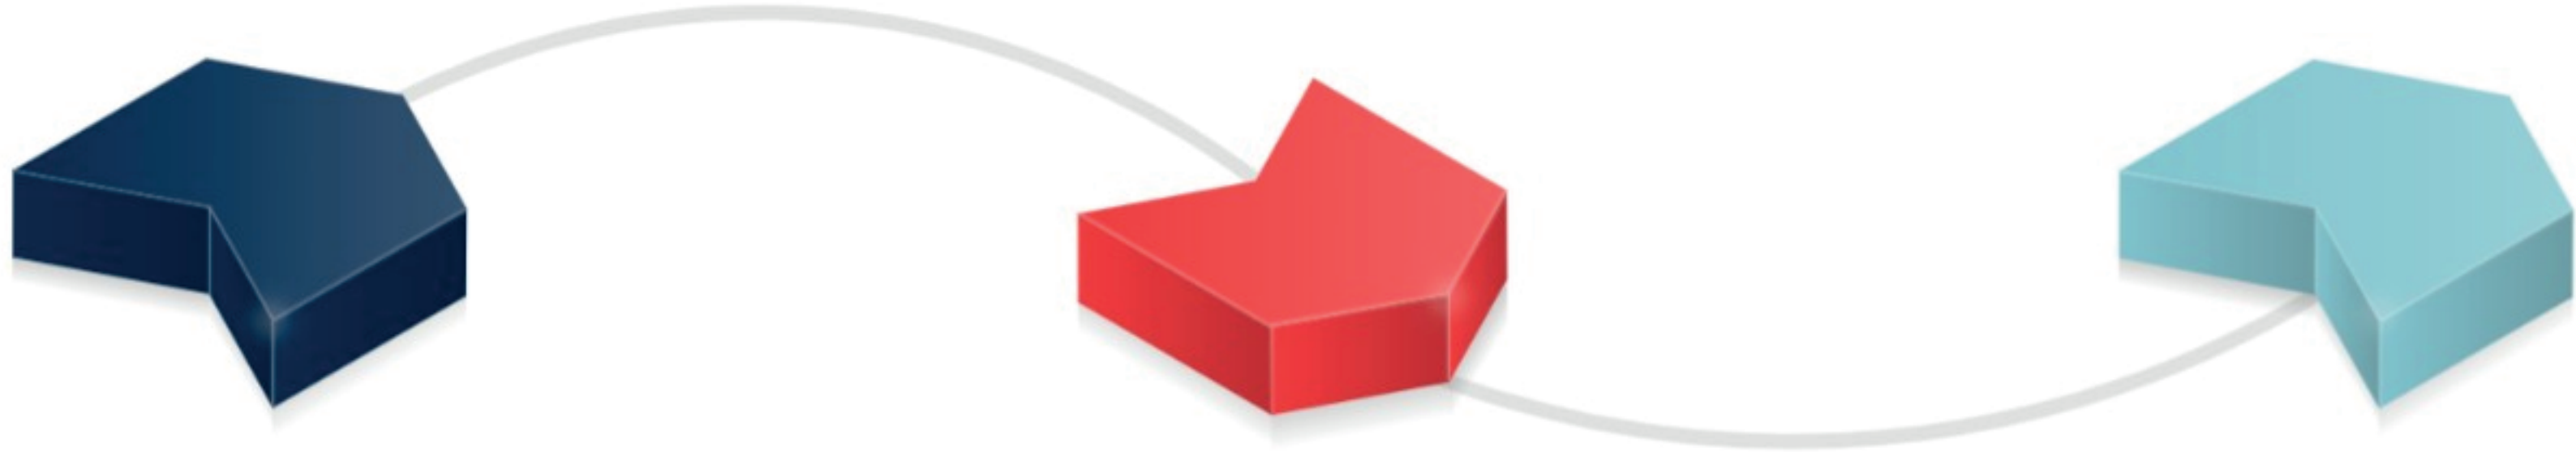

Transforming Education in Africa

Empowering the next generation through strategic internationalisation efforts

Empowering Africa's Global Voice

Cultivating leadership through dignity and ambition in international academia.

Africa Shapes Global Trends

Advocating for an **Africa** that not only **follows** but actively **shapes** global academic **trends**.

Dignity in Leadership

Building **leadership** through **international** engagement, grounded in **dignity** and **ambition**.

Initiators of Thought

Positioning **African voices** not merely as **respondents**, but as **initiators** of **global thought**.
