University of Almería
Southeast of Spain (Andalusian region)

A sea of talent

The [University of Almería](#) (UAL) is located in the southeast of Spain, in the region of Andalusia.

It was founded in [1993](#) and currently has over 14,900 undergraduate and graduate students.

Despite its recent creation, [UAL](#) is positioned in the highest levels of scientific and academic knowledge in different areas and currently has great [prestige](#) both nationally and internationally.

Why choose UAL?

The campus life is as enjoyable as the environment and weather of the province of Almeria. Its location, **by the sea**, makes the campus a unique environment. But what undoubtedly makes students' stays really successful is the Andalusian character and lifestyle: friendly, cheerful, enterprising and proud of their homeland and customs.

Cape Gata-Níjar is a Natural Park in the south-eastern corner of Spain. It's Andalusia's largest coastal protected area, a wild and isolated landscape with some of Europe's most original geological features. It is the only region in Europe with a Warm Desert climate.

University of Almería

Our services

- The University of Almeria counts with great equipment to facilitate the work and stay of our visiting students. We offer plenty of services, for example, we have one of the largest and most modern libraries in Andalusia, equipped with several study and group-work rooms, computers and laptops, etc..

- We also have a large dining room, several cafes, hosting service, bike rental, entertainment and leisure activities, free PCs, WI-FI, etc.
- With regard to sports facilities, we count with different tennis, paddle, football, basketball and volleyball courses. We also have an Olympic indoor pool, fitness center, sauna, spinning room, a fully equipped gym and specialized rooms for other activities requested by students.
